

"That Good Medicine."
Mr. C. D. Cone, attorney of Parker, South Dakota, says: "I take pleasure in saying to the public, as I have to my friends and acquaintances for the last five years that I consider Chamberlain's Colic, Cholera and Diarrhoea Remedy the best medicine for the purposes it is intended that I ever tried. Since I have used it I would not be without it. I was always subject to cholera morbus and never found anything else that gives the relief that this remedy does. I never leave home without taking it with me, and on many occasions have run with it to the relief of some sufferer and have never known it to fail. My children always call for 'that good medicine' when they have a pain in the stomach or bowels." For sale by Rose & Jones.

Cleveland's Thanks to the Convention Which Nominated Him.

At 4:30 this morning Mr. Cleveland, through Governor Russell, sent from Gray Gables the following statement to the press:

"I should certainly be chargeable with dense insensibility if I were not profoundly touched by this new proof of the confidence and trust of the great party to which I belong and whose mandates claim my loyal obedience.

"I am confident that our fellow-countrymen are ready to receive with approval the principles of true Democracy, and I can not rid myself of the belief that to win success it is only necessary to persistently and honestly advocate these principles.

"Differences of opinion and judgment in Democratic conventions are by no means unwholesome indications, but it is hardly conceivable, in view of the importance of our success to the country and to the party that there should be anywhere among Democrats any lack of harmonious and active effort to win in the campaign which opens before us. I have, therefore, no concern on that subject. It will certainly be my constant endeavor to deserve the support of every Democrat."

A Danville Verdict.

Mr. Jesse Dunn writes as follows: "I have used Quinn's Ointment for the last twelve months on thoroughpins, windpuffs, curbs and splints, it has never failed. Horsemen should not be without it. It would seem as if Quinn's Ointment was an investment." Sold by Rose & Jones.

Free Fight.

Dog days or something else seem to be having a bad effect just now. Last Sunday morning, at Hies Mill, in this county, Price Hart, Cole Wells, Labe McLaughlin, Jack Boling and others got into a fight, striking with rocks and clubs and knives promiscuously, it seems, without much care as to who got hurt. Hart and Wells were both pretty badly used up and are both in bed as a consequence. Wells was hit on the head and face with a rock or club, while Hart was cut with a knife. One cut across the joint of his elbow is a serious wound. What the difficulty was about has not been learned.

In another free fight at the same place, on the same day, participated in by Jno. Daugherty, a man by the name of Sorrel, Ben Shroot, Jones and others, Daugherty was roughly handled and considerably bruised up.—Owingsville Opinion.

The following, clipped from the Burlington Junction (Mo.) Post, contains information of no little value to persons troubled with indigestion:

"For some years the editor of the Post has been subject to cramp colic or fits of indigestion that prostrated him for several hours and unfitted him for business for two or three days afterward. About a year ago we called on S. J. Butcher, druggist, and asked for something to ward off an attack that was already making life hideous. Mr. Butcher handed us a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. We took the medicine according to directions, and not only found relief on that occasion, but have several times since tried its virtues and found relief in every instance. We take this method of acknowledging the cure to all others subject to indigestion."

Always Speak Well of Your Town.

A great many towns die, not from rivalry of other towns or adverse surroundings, but from lack of public spirit and enterprise. When a home seeker visits a town and finds everything moving along with life and hope, he becomes imbued with the same spirit and is influenced to become a citizen of the town. On the other hand, when he goes to a town and finds it dull and lifeless, and hears citizens expressing apprehensions in regard to the future prosperity of the place, he naturally concludes that he had better look elsewhere for a home. If you wish to build up your town and make it flourish like a green bay tree, you must work for it, talk for it, and go down into your pocket for it. Encourage new enterprises and stand by the old ones. Be generous, magnanimous, hold fast to your town, and never let go.—Kentuckian-Citizen.

Will App and the Farmers' Alliance.

I am too old to believe that legislation will do anything for a lazy man or a bad manager or for one who sits down and broods over his misfortunes. I know some who won't mend the front gate nor put a pane of glass in the window nor chop the stovewood nor bring the water, but they go tramping around talking politics while their wives and children are supporting the family by raising chickens and eggs and picking berries to take to town. And there are politicians men enough to fool these people, and to make them believe that somebody is imposing on them and has gobbled up their share of the money. Heard a man say not long ago that labor was too high, and corn ought to bring a dollar a bushel. He is worth \$50,000, and now he is slipping around as a third party man, and wants to go to Congress. A poor man who would vote for him is close kin to an idiot. But there have always been such people, and always will, I reckon, and I'm too old to fret about what I can not help. Nevertheless, I love all my fellowmen, except some, and all my fellowwomen. May they live long and prosper.

In another column of this paper will be found an advertisement of a medicine known as Chamberlain's Colic, Cholera and Diarrhoea Remedy for sale by Rose & Jones, of this place. In almost every neighborhood throughout the west there are some one or more persons whose lives have been saved by this remedy. It is natural for such persons to take especial pleasure in recommending the remedy to others. The praise that follows its introduction and use makes it immensely popular. While it is intended especially for colic, cholera morbus, dysentery and diarrhoea, it is also claimed to cure chronic diarrhoea. If such be the case, it is certainly a "Godsend" to many a poor mortal.

The Chicago convention has named the Democratic ticket and adopted a sound platform which ought to bring victory this fall. It had been evident for some time that the convention would select Mr. Cleveland for the head, and his popularity in every section seemed to demonstrate the necessity of it. The Enterprise did not believe that Mr. Cleveland was the best selection that could be made because of the objection in New York to his nomination, and the doubt expressed by so many who had been there of his ability to carry the State, but the convention having decided otherwise, the Enterprise accepts the situation and will give the ticket a hearty support. Delegates from all parts of the country heard the arguments for and against Mr. Cleveland and decided that it was for the best to accord to him the nomination.—Georgetown Enterprise.

ASHLAND PARK STALLIONS FOR 1892.

BERMUDA 5874.

Yearling exhibition 2:39½; two-year-old record 2:29½; three-year-old record 2:24½ (third heat); four-year-old record 2:22½; five-year-old record 2:20½ (fourth heat); six-year-old trial 2:17. Black horse, 15.3 hand high, foaled June 15, 1883. Bred at Ashland Park.

SIRE BY BANKER 4144.

Own brother to Lyander, sire of Lyander Boy 2:30½, Watt 2:24½, William Kearney 2:20½ and Lyander Chief 1646. First dam Pattie Patchen, trial 2:38 (grandam of Chesnut Wilks 2:29) by Mambrino Patchen, sire of the dam of Guy Wilks 2:15½, Astral 2:18, Rosa Wilks 2:18½, Elvira 2:18½, Cleora 2:18½, Henri 2:17 and twenty-nine others in the 2:30 list. Second dam Mandy by Stanhope's Blood Hawk, sire of the dam of Almont 2:17½ and Aley Wilks 2:26½. Third dam Pattie by Downing's Vermont, sire of the dam of Enigma 2:26; Mambrino Bruce 2:40½, sire of Kit Curry 2:18½; Bell Wilson 2:25; Gill's Vermont, sire of Bonner Boy 2:23, and sire of the dams of Abel 2:24½, Col. Bradshaw 2:20½, Nelly L. 2:23½, Gambetta 2:26, The King 2:29½, Outlaw 2:29½, Pearl 2:30. Fourth dam Jessie by Thomas Jefferson.

He is a beautiful black, with right hind ankle white, stands 15½ hand high, and is a perfect horse all over, having both bone and substance, combined with the form and finish characteristic of the cross he so well represents, viz: Hambletonian sire and Mambrino Patchen dam. This cross stands as the very best, because public performances have demonstrated its value. Of its many representatives not one is the superior of Bermuda, for not one has demonstrated the same ability to train on from year to year, beginning with the yearling form. None are better bred or better looking.

As a sire his success is assured, as out of eight, his first crop, two entered the list last year as two year olds, namely Bermuda Boy 2:29 (half-mile track) and Rosemary 2:25½. Bermuda Boy being one of the largest winning two-year-olds of 1891, his first colts being foaled in 1889. Judged at this age no stallion ever sired more uniform, natural-gaited colts, with speed unprecedented. He will stand for mares, season of 1892, at \$200 TO INSURE, the money to be paid as follows: \$100 at the time of service, and the other \$100 when the mare proves in foal, being limited to thirty outside mares. Parties wishing to breed to him had better book their mares early.

FAYETTE WILKES 2036

(Exhibition trial Oct. 9, 1886, 2:23½.) Bay horse, 15 hands 3 inches high, foaled May 3, 1878. The handsomest son of his great sire, and the handsomest of any trotting bred in the United States.

WEST CLOUD 5195.

Out of the dam of Black Cloud 2:17½, his sire out of the dam of Wilson 2:16½. Bay horse, foaled March 31, 1884. Bred at Ashland Park.

SIRE BY ABDALLAH WEST 2583.

(Sire of Wilkin 2:27.)

First dam, the dam of Black Cloud 2:17½, by Pilot Walker, pacer.

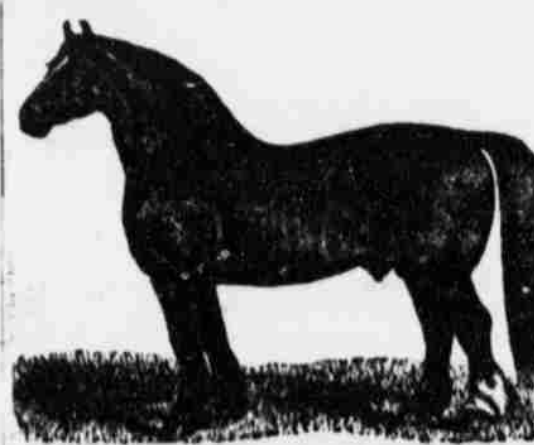

Second dam the Cluke Pacing Mare.

NOTE.—Abdallah West 2583, by Allie West, first dam Miss Coons, dam of Wilson 2:16½, by Clark Chief; second dam Ohio, by American Clay; third dam brought from Ohio and represented to be by Brown's Bellfounder. Abdallah West died at six years old. He was the most promising colt I ever bred.

West Cloud is a rich mahogany bay, 15 hands 2 inches, with black mane and tail, and black legs extending above knees and hocks. He is a powerfully built horse for his height, and has the most finished set of feet and legs it is possible to get on a horse of any breed. As a two-year-old he gave evidence of being possessed of remarkable speed, as with little handling he trotted a half-mile in 1:18 1-5 and miles in his work in 2:49½. At three years old he was not trained, owing to a very severe attack of pink eye. He also did no work on the track as a four-year-old. As a five-year-old he was jogged and trained lightly, more for the purpose of ascertaining if he was entirely recovered than with a view of testing his speed. In a few months he trotted a full mile in 2:38 and half in 1:15. The season (1890) he served a few mares of my own, and was not put to work until September, and his improvement was most remarkable. He repeatedly trotted halves in 1:10, and I am fully convinced he will, with a season's training, trot in 2:20. I will let him serve twenty mares, season of 1892, outside of ten of my own, at \$50 INSURANCE. Money due when mare proves to be in foal.

I breed sound, highly-finished trotters, and have for sale high-bred colts and fillies, out of producing dams, by a greater number of sires than any other breeder in the land. For sale at prices based on actual individual merit. I wish to farm or breed on the shares on application. Mares kept at regular rates.

GOLD DUST.

This combined young stallion will make the season of 1892 at our stables in Hazel Green, Ky., and will serve mares at TEN DOLLARS TO INSURE A LIVING COLT, money due when the mare foals, with a lien on colt until the money is paid, or if the mare is parted with or bred to another horse the money is then due.

DESCRIPTION AND PEDIGREE. GOLD DUST is 7 years old the 25th day of May, 1892, 16 hands high, a beautiful chestnut, with star and white hind feet, beautiful mane and tail. His dam was sired by the Phillips horse, the sire of Blue Jeans, he by Gen. Taylor, &c.

Also, at the same stables will be found the elegantly bred young trotting Stallion,

POST BOY, JR., is a beautiful chestnut with no marks, 7 years old May 15th, 1892, 15 hands 3 inches high, and gives promise of being heard from in the future among trotters. Any one who is familiar with Sidner's Post Boy will readily recognize Post Boy, Jr.

And last, but not least, will be found at the same stables the well-known and highly appreciated JACK.

GEN. JOHN MORGAN,

Who will serve mares at TEN DOLLARS TO INSURE A LIVING COLT, on same terms as above described. This Jack has no superior as a good breeder.

Care will be taken to prevent accidents, but we will not be responsible should any occur. J. T. DAY & CO.

Second dam, Madam Headley (dam of Miss Mabel, winner two-year-old Kentucky Breeders' Stake, '88), and Rapidan, dam of Lockhart 2:14½, by Stanhope's Edwin Forrest 851 (sire of Harry Stanhope 2:31), son of Edwin Forrest 49, sire of Billy Hoskins 2:26 1-4; Champagne 2:30, and the dams of So-so 2:17 1-4 (dam of All-So 2:20½), Mambrino Dudley 2:19½; London 2:20½, &c.

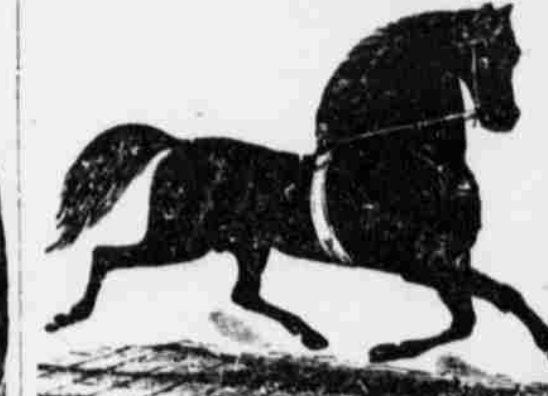

Third dam Mrs. Stanhope by Mambrino Chief 11, sire of Lady Thorn 2:18½, Woodford Mambrino 2:21½ and four others. His sons sired London 2:20½, Pancoast 2:21½ (sire of Patron 2:14 1-4) and 79 others. His daughters produced Piedmont 2:17 1-4, Director 2:17 (sire of Direct 2:18 1-4, pacing 2:06, Margaret S. 2:12½, &c.), and 281 others in the 30 list.

Fourth dam by Hunt's Commodore, sire of dams of Commodore Belmont (sire of Carrie Belle 2:23½, Doncaster 2:28 1-4, Genanium 2:28½, &c.), and Mambrunello (sire of Sadie Howe 2:26, Tom Britton 2:25, &c.).

Fifth dam by Copperbottom, grand sire of dam of Rosalind 2:21½ and Donald 2:27. NOTE.—Happy West is a rich mahogany bay, 16 hands 2 inches high, and a horse of elegant style, with as good action as any son Happy Medium ever sired, as at two years old he could trot in 2:40, and would have trotted in 2:30 at three years old had it not been for an accident on the cars, by which one of his hind legs was injured, causing him to have to be thrown out of training. In this horse I have the utmost confidence as a great sire, being by Happy Medium, one of the most noted of the sons of Hambletonian, and out of a daughter of the great Allie West; the second dam is the dam of Miss Mabel and Rapidan, who is her first colt, produced Lockhart with a record of 2:14½. It is my intention to stand Happy West the season of 1892 at \$50 INSURANCE, thus affording an opportunity to farmers and breeders to secure the services of one of the greatest speed-producing representatives in the country at a nominal price, as he will be limited to 30 mares. Parties wishing to breed to him should apply early. No other son of the great Happy Medium out of as good a dam stands at such a low figure, but I am determined to let the public test his merits as a sire, believing in the near future he will be among the best in the country.

I breed sound, highly-finished trotters, and have for sale high-bred colts and fillies, out of producing dams, by a greater number of sires than any other breeder in the land. For sale at prices based on actual individual merit. I wish to farm or breed on the shares on application. Mares kept at regular rates.
